

College Center Conference Rooms—3 table group setup example

224 has 20 tables w/2 chairs at each = 40 seats, + 10 extra chairs.

226 has 20 tables w/2 chairs at each =40 seats.

228 has 56 chairs theater style and 12 along the wall under the window. 68 seats total/NO TABLES.

If using all three rooms: 40 tables and 158 chairs total

Examples below will assume 1 AV Table and 1 Registration table outside of 224:

2 table sets: 19 sets, 6 seats around the set, total 114 seats in this setting.

3 table sets: 12 sets, 8 seats around the set, total 96 seats in this setting.

4 table sets: 9 sets, 9 seats around the set, total 90 seats in this setting

□ = **Table**

X = **Chairs**
